# THE ROCKS THAT NEARLY HIT ME

## TENSIONS INCREASING IN EAST JERUSALEM

This is a update with progressive information on East Jerusalem. If you have not carefully read/studied the information in the recent article "**East Jerusalem**", please do. Look up all the Scriptures that are not written out so that the Spirit can impress your spirit and teach you Himself. Unless we're Spirit taught and Spirit led, we can easily be deceived. If you have not studied "East Jerusalem", you may not connect the dots in this update.

The whole Word, from **Genesis 2** through **Revelation 22** is centered on East Jerusalem! It is now becoming a "cup of trembling for all people" **(Zechariah 12**), as Barack Obama is putting pressure on Israel to give the apple of Yahuweh's eye to the Palestinians for their capitol. I give recent news on this at the end of this update from The Jerusalem Post.

My friends, this is more than serious! If you do not understand that Yahuweh's eye is on one little piece of property (**Deuteronomy 11:12**) and one tiny area--East Jerusalem--and that He promises to defend one city on earth (**Zechariah 2:4-5**), nothing else will make sense to you in the whole of the Word. The Word is centered within a triangle of the three major portals of Abba's realm (Book of Jubilees) 1) The City of David/Mt. Zion 2) The Temple Mount/Moriah and 3) The Mount of Olives. It is within this triangle and in these three major portals that the whole of the Word is centered. All other nations mentioned in Scripture are mere backdrops to the events in His Word.

Jerusalem (Yerushalyim) is the "city of the Great King" – **Psalm 48:1-2**. This is where **Isaiah 2:1-4** will be centered: "…out of Zion comes forth the Torah and the Word of Yahuweh from Yerushalyim".

I just returned from another four days in Yerushalyim and Abba showed me more things that I must report on to update His people. The final prophetic events leading to the coming of the "Beast" -- world ruler -- are being set in place, and the preparation for the protection of His remnant is also being set in place. I watched the preparations in Aqaba, Jordan, and in Edom -- "Petra" -- for 8 years, and saw all the fine tuned details being taken care of for the protection of the fleeing remnant in the days ahead. It is truly the place of **Daniel 11:41.** The prophetic fulfillment is incredible. [Refer to: "Edom, Petra, and the Re-gathering…"] In Scripture, during the time of tribulation (3 ½ years) the main set-apart zone on earth for the world's remnant people is the area of Petra to Bozrah. It is on the route of Messiah's return for the resurrection of the "justified"--the "first resurrection". He comes from Mt. Sinai, straight up over the town of Aqaba (ancient Ezion Geber—**Deuteronomy 2**), to Mt. Paran, to Mt.

Seir (Petra), to Bozrah, and then at Bozrah is the "controversy" – **Isaiah 34.**
Then He turns to Jerusalem – **Zechariah 14:1-5; Jude 1:14-15**.
But, as He passes over Edom--the Petra-Bozrah area – the first resurrection of the justified occurs. (Return path: **Isaiah 63:1-6**; **Habakkuk chapter 3** and **Deuteronomy 33:1-3**, for a few examples)
But, for a few, a remnant of Judah and for the working of the end-time witnesses and bridal company, the tunnels under the "triangle" of portals in East Jerusalem will be a place of refuge. There are even huge caves under there that are being opened now under the Ophel. But, these two places, according to the Edom is simply a holding tank, and at His coming, it will be destroyed – see **Revelation 6:12-17** for one example. These are the only two places on earth that He has set aside for protection of the set-apart ones and the fleeing mixed multitude.
But, in this trip, He allowed me to see the opening of the tunnels, not only in the City of David, and in the parking lot across the street, but as of this trip, the Ophel area between Zion/City of David and the Temple Mount.
I am so excited I can hardly express it adequately. But, as I walked along by the Ophel (built by Solomon—look up the word "Ophel" in a Bible Concordance) I saw the green/black tarps that are covering the excavations on Zion and next to it in an old parking lot, and my heart leapt for joy. The Jewish archeologists are connecting the tunnels!
In 70 CE when Titus came to destroy the city, many Jews hid out in the tunnels. They will be a place of refuge in the days to come too, even if only a hiding place before going to Edom. I looked down into those caves and tunnels at the Ophel archeological park below the southern wall of the Temple Mount, and took lots of pictures! I also noticed the entrance to caves, some 2nd century BCE that could "house" and protect many people—large caves that run near the tunnels. I saw some pictures inside these caves in the book I'd bought the day before at the Temple Institute: <u>The Complete Guide to the Temple Mount Excavations</u> by Eliar Mazar. Refer also to four 10-minute YouTube videos called "Excavations at the City of David 2007" by Israel Leroux … an Israeli Messianic archeologist.
In **Zechariah 14:1-5**, as Messiah is descending, many will run out between the gap He makes in the Mt. of Olives, from the tunnels. It is there that they will "look on Him whom they've pierced" and mourn. The greatest revival the world has ever know will take place at that time--**Zechariah 13**.
Here is what He taught me about Zechariah 13: Notice the different groups that mourn: 1) House of David 2) House of Nathan, David's son, through whose lineage Messiah came, and 3) Levites and 4) the house of Shim'i--who said to King David as he returned to His throne after fleeing from his own son, "let me be the first of the House of Joseph" to acknowledge you as King. He represents the 10 northern tribes. Isn't that awesome! (**II Samuel 15 30; 16:1-5-8; 19:16-<u>20</u>**)

The tensions in East Jerusalem are mounting. Just about three weeks ago, Arab youth in the Kidron Valley – just north of their town, Silwan, (on the hill where Solomon kept his 700 wives and 300 concubines) – across from Mt. Zion/City of David – were throwing rocks at cars and smashing windshields. There have been rock-throwing incidents in East Jerusalem among Arabs on and off for some time now—especially on Fridays, their day of worship—from the Temple Mount. Police have had to come in to stop it.

When I lived in Aqaba, Jordan, we were smart to stay in our apartments on Fridays. After the mosque worship service, which is amazingly like a Christian service in its order, often the men would come out of their meetings fingering their "rosary beads"--angry, and ready to do harm to any non-Muslim.

But, after leaving the Ophel area, I walked over to the entrance of the City of David, and then down the street in the Arab Quarter outside, to the Siloam Springs. It was straight downhill. Zion (Tz-own) is straight up and straight down, and there is no such thing as a level sidewalk. I was very grateful for my cane. I am now very grateful for wheelchair assistance at airports, too. As I descended the very steep hill, I took one tiny step at a time to keep from sliding. It was close to 100 degrees in Jerusalem that day, and I was sweating profusely. After seeing the Siloam excavations, I continued down the Kidron, between Mt. Zion and Silwan.

I never had problems being among Muslims in Jordan. But, the Israeli Arabs/Muslims are far different. They are being provoked to hostility purposely to start the chaos the Illuminati needs to bring in the third part of the Mazzini/Pike Plan and WW III, bringing world chaos and then takeover. Israeli Arabs, misnamed "Palestinians" by Yassar Arafat to be a political force, consider it an honor to be a suicide bomber, for example. Arab children are taught that "Palestine" is their land, and the Jews are occupying their land. The world news media is also spreading these lies, even aligning with Arabs who say that there has never been a Jewish presence in East Jerusalem. Yet, the naïve believe it.

There was one time when I was on the Temple Mount when youths began throwing rocks at me--one small rock striking my leg. Even a small rock hurts. But, this last weekend, I could not find my way back up the side of Mt. Zion to the City of David from the Kidron Valley floor. All the paths were locked off. As I got to the Gihon Springs and began to walk north in the Kidron, all of a sudden I saw a rock flying past my left ear, striking the dirt, then another one passing my right shoulder. The rocks were not small--about golf ball size or slightly larger. I was not afraid. My mind said: "They're throwing rocks at me" (smile). But, I kept walking, hoping the rocks would stop, but they didn't--they increased. So, being a wise lady, I stepped to my right behind a big rock and turned to see my attackers--about four children who looked to be between ages 10 to 12. They were sure good in their aim--barely missing me. But, they missed me. "Thank you Abba!" I smiled. I yelled out to them, "la, la, la" – "no" in Arabic. My voice

echoed down the valley. They saw that I saw them, and they stopped throwing rocks--long enough for me to cross the narrow road. It was then that I saw the steps going up the side of the mountain that did not have a barricade across them. I walked clear from the bottom to the top of the mountain, past one of Nehemiah's gates, up into Area G, where David's palace once stood. I sat in the cool of that garden and finished my apple.

As I was walking up the hill, I was running short of water, so I began eating an apple, as I thought: "the Garden of Eden is just below me". Then I had to laugh. Here I am eating an apple and thinking of the Garden. If you've read my recent article "Apple Man", you know what I mean.

I had bought a small Tehillim (Psalms) and I took it out for the first time to read from it. I opened to **Psalm 83**! [I have a study on Psalm 83. If you want it ask for it].

**Psalm 83:1-5**: "O Elohim do not remain silent, and do not be still, O El! For look, Your enemies make an uproar, and those hating You have lifted up their head. They craftily plot against Your people and conspire against Your treasured ones. They have said `**Come, let us wipe them out as a nation, and let the name of Israel be remembered no more'. They have conspired together with one heart. They have made a covenant against You**".

The words of **Psalm 2** are also very present reality!

Rock monuments have been found in Moab (part of modern day Jordan) in which a king of Moab is boasting that his god Chemoth triumphed over Israel's God, Yahweh--because his nation defeated the nation of Israel. The kings of the pagan world always gave credit to their gods having defeated their enemy's gods. Yes, the Arabs well know His Name. It is in their most ancient texts.

Could the wording of **Psalm 83** be more appropriate? Is this not what Iran's Ahmadinejad is saying, as well as the leaders of Hamas, Hezbollah, the Muslim Brotherhood, and all fourteen terrorist organizations home-based in Damascus? Is it then any wonder why Damascus is destroyed in our day—**Isaiah 17:1** ff?

I had no fear. I've faced a coiled rattler rattling and had no fear. I commanded it to stop rattling and it did. We have a lot of untapped authority, but it has to be backed by Abba—we just can't use it to satiate our fleshly desires!

I've been in so many life-threatening situations I could write a book just on that. Fear for one who knows Yahuweh is sin! But, at the same time, finding the stairs up the mountain was sure nice!

Later, as I came out of the City of David and walked up the hill to the Dung Gate, I saw a group of police vehicles. I talked to one young police officer, who spoke excellent English, and told him what happened to me in the Kidron. I asked him if it was normal now for tourists to have rocks thrown at them. He said "no". But, I reminded him of the incident three weeks ago, and he said "yes". They know the tension is growing, but they can't handle each incident. Yet I thought it important that they know what happened.

In the City of David entrance area is a warning that says not to go to the north Kidron. Evidently it has become a dangerous area. That's sad for me, because I used to take people on tours of the City of David, which included going down to the Kidron floor and walking north to the upper Kidron—Valley of Jehoshaphat--to the Garden of Gethsemane. It is lovely in that valley, and our Savior walked it many times. But, times are changing rapidly!

As I walked another day above the Dung Gate, I saw a UN car parked next to the upper archeological park at the south wall of the Temple Mount. I took a picture. What a picture of prophetic significance!

**Luke 21:20** is close, for as the rioting in East Jerusalem gets very out of hand between Orthodox Jews and Muslims, the UN will come and surround the city and take control. After all, if you look at a UN 1947 partition of Israel map, you'll see that Jerusalem as a whole city is no more than a UN protectorate – never given to Israel as their capitol. This is why about three years ago the last Embassy, Costa Rica's, moved to Tel Aviv. All nations have now forsaken Jerusalem (**Zechariah 12**).

Some have asked me about my life-changing vision regarding the tunnels and the witnesses, the returning Bridal remnant of the past who were translated, etc., that I had the night of Yom Teruah, while in Panama City (2010). I cannot give that vision for it is detailed, but also very personal. However, I can say that it started out by my walking down from the Upper Hill, that Constantine's mother called "Zion", along the southern wall of the Jewish Quarter to just above the Dung Gate. As I saw the Dung Gate down on my left, I saw Arabs with guns shooting at police and Jews. I jumped over the ledge onto the ground below, and snuggled up in a hole in the wall, where later I found a ladder going down into one of the tunnels. But, later I asked Abba about the timing of that, and He said – "When the bullets begin to fly in East Jerusalem, then I will hide My remnant in the tunnels". That's sobering because the bullets will fly soon--the rock-throwing being a precursor.

**Luke 21:20**: "And when you see Jerusalem surrounded by armies, then know that its desolation is near".

The U.N. is making solid preparations, as are all aligned world rulers, to bring the "Beast", son of Lucifer—Apollyon—the Apple Man--to the Temple Mount. To do this, Jews have to be cleared out of East Jerusalem, and UN rule set up.

**Joel 3:1-2**: Behold, in those days and at that time [*a Messianic Age expression*] when I return the captivity of Judah and Jerusalem, then I will gather all nations and bring them down into the Valley of Jehoshaphat [*the North Kidron Valley, in front o the Eastern Gate*]. And I will enter into judgment with them there for My people--My inheritance, Israel, whom they have scattered among the nations, and THEY HAVE DIVIDED UP MY LAND". (Italics mine)

**Daniel 11:39b** speaking of the Beast world ruler: "… he shall increase in esteem and cause them to rule over many, and DIVIDE THE LAND FOR GAIN". My friends, take note—the one who succeeds in dividing the land is the "anti-messiah"/Beast/Apollyon—son of Lucifer. The promoters of the division of the land since 1947 partition is the United Nations—the head of the beast system, but the one forcing it ?? -- take note.

From The Jerusalem Post regarding Israeli Prime Minister Netanyahu's visit to Washington, and the emphasis now being put on East Jerusalem by America. October 29th, commenting on the new Republican House: "…Obama will likely remain unshackled, unreconstructed, and **perhaps more determined than ever to pressure Israel into a deal with the Palestinians**".
At this time the news reported that Mahmoud Abbas is talking to the UN about making a unilateral move to statehood—in other words declaring statehood without anyone's consent but the Muslim-controlled UN. The U.S. says they will block a unilateral move. But, now, as of a few days ago, the U.S. has said they will only block it for a year IF Israel freezes construction of new homes for Jews in Samaria and East Jerusalem. The U.S. also said in the last week or two that the deal they made to send the new F-35 stealth fighter jets to Israel was contingent on their making a firm freeze of building in their designated areas. In other words, as before, when America has held back promised funding to Israel, U.S. help is contingent on Israel doing as the U.S. tells them to do!
From The Jerusalem Post, October 22nd: "**The President is disappointed…" Obama is disappointed in Netanyahu, even though Netanyahu has said he would go to his Knesset to try to get approval to freeze the construction of new settlement housing. But, this is not good enough for Obama who wants a freeze on construction in East Jerusalem**.
The U.N. and the U.S. are determined to take East Jerusalem, but if not peacefully, then through deceit and chaos, which they will accelerate between Arabs and Jews. The picture above these words is mind boggling—like the September 13, 1993 Oslo Accord signing handshake of Rabin and Arafat with then President Bill Clinton grinning ear to ear in the middle. In this picture, Hillary Clinton, in the middle, is grinning ear to ear as Netanyahu shakes hands with Mahmoud Abbas.
From The Jerusalem Post, November 12th: "U.S. Secretary of State Hillary Clinton on Thursday expressed confidence in Prime Minister Binyamin Netanyahu as a peacemaker, despite **tension…between the U.S. and Israel, and Israel and the Palestinians over Jewish construction in East Jerusalem**".
Speaking of the Obama Administration: "The Administration has strongly criticized new building plans in the East Jerusalem neighborhoods of Har Home, Ramot, and Pisgat Ze'ev. Netanyahu, for his part, has hitherto refused to sanction a further freeze unless the PA formally recognizes Israel as a Jewish

state—something Abbas says he will not do. And the Prime Minister has insisted on the right to build in what Israel regards as its sovereign capitol".
My friends: **Do you understand the backlash that will come to the U.S. if Obama and the UN succeed in their push for the dividing of His Land—particularly the "apple of His eye"--East Jerusalem?**
Now, we see that the U.N. and the U.S. is calling on terrorist-harboring King Assad of Syria to be a "peace negotiator" between Israel and the Palestinians and Hamas, Hezbollah, etc. Damascus harbors at least 14 major terrorist organizations. But, in exchange for his "help", Israel is expected to give Syria the Golan Heights! Talk about insanity!
"Foreign Minister Avigdor Lieberman visited the Golan Heights and declared the area to be an indivisible part of Israel that will remain as such. There was a strong connection between Damascus, Iran and North Korea, he noted. Syria helps Iran supply weapons to terrorist groups…He added his support to Netanyahu's firm statements in defense of Jewish construction in East Jerusalem. `No one can accept a situation in which we cannot build in the neighborhoods of Gilo and Ha Homa. To the Jews, East Jerusalem is not up for negotiation' ".
But, to the U.N., Jerusalem is their territory, not Israel's. For the U.S. the same--for they are the voice and arm of the UN to fulfill its resolutions.
In The Jerusalem Post, November 12, 2010, speaking of Netanyahu's meeting with Joe Biden: "With this week's NEW PUBLIC AMERICA--ISRAEL ARGUMENT OVER PLANS FOR BUILDING IN NEIGHBORHOODS OF **EAST JERUSALEM**, THE `PEACE PROCESS' HAS TRULY DESCENDED BEYOND TRAGEDY AND INTO A BANKRUPT FARCE' ". "**Where the Obama Administration has differed from many of its predecessors is in making this area of disagreement so publicly central to the peace efforts**". "Ramat Shlomo, the last Jerusalem neighborhood where the announcement of new building plans caused a Netanyahu-Obama flare up, had quietly become home to thousands upon thousands of Israeli Jews before it became headline news last March, and was racheted up into a full blown crisis with the administration…**Even Netanyahu's unprecedented 10-month freeze on new buildings in the West Bank (Samaria) wasn't deemed good enough for this administration because it didn't include East Jerusalem—where no conceivable Israeli government would formerly order a freeze…"**
Wow! Are you hearing the words "East Jerusalem" in your spirit -- the very place from the Garden of Eden to the reigning Messiah … where Abba keeps His eye 24/7?
If you've been to Israel, if you have a map of Israel on your wall, if you are communicating regularly with Israelis, if you are watching Arutz Sheva news regularly and reading reports like Jerry Golden's, if you are in daily prayer for Israel--THEN you have an understanding based on reality for this intense new

happening. **I recommend that you prayerfully go over the book of Zechariah, especially chapters 12-14.**
When I lived in Aqaba, Jordan, I remember hearing on Israeli radio a demand to Israel by former Secretary of State Condoleeza Rice. As the soldiers were dragging the almost 8,000 Jews out of Gaza (August 2005), and at least another thousand out of Samaria, she said: "**This is not good enough**"—next has to come the expulsion of Jews from the "West Bank", from the Golan Heights, and from East Jerusalem. It is to these areas that the Messiah-expectant Jews have come from all over the world!
Netanyahu is trying to get the U.S. to leave East Jerusalem out of the freeze negotiations. But, why would the U.S. command Israel to freeze construction of buildings on their own property? Only the evil one is behind this…
From the November 19th Jerusalem Post headline of article: "Why a US statement on East Jerusalem building is proving so hard to come by …"
If the U.S. commits to such a statement that leaves East Jerusalem out of the freeze, the backlash from the Palestinians against the U.S. will be notable at the least. Abbas will go into a temper tantrum.
But, now, the U.S. is using the needed F-35s promised to Israel as a leverage for getting what they want—bribery, or blackmail actually.
Here are the words of a large ad in The Jerusalem Post:
20 FIGHTER PLANES ARE NOT WORTH THE PRICE
TO ALL AM ISRAEL – BLACKMAIL IS IMMORAL! Israel must reject this poison pill that is designed to lead to our destruction!!! There is no room for two viable states on our already small land. NO TO BLACKMAIL – NO TO BRIBES – NO TO POISON PILLS … OUR SECURITY MUST NOT BECOME PRESIDENT OBAMA'S PLAYTHING!!! Yes, Israel needs the American veto at the UN Security Council when it is being demonized and de-legitimized by the Arab/Muslim automatic majority at the UN. But both the jet fighters and the veto will become useless if Israel becomes defenseless!!! (www.justpeaceforisrael.com)
And, where are these new sophisticated F-35s being made? – At the Lockheed-Martin plant in Fort Worth, Texas. I'm sure they want the business…
Speaking of bribes: From The Jerusalem Post, Wednesday, November 24, 2010: "The parties have finalized the text for the U.S. letter to Israel concerning the terms of a renewed settlement freeze…The crux of the deal centers on the US providing Israel with advanced fighter jets in return for a three-month West Bank settlement freeze that both the US administration and the government in Jerusalem hope will get the Palestinians back to the negotiating table…Jerusalem continued to wait for the just finalized letter of commitment from the US…Barak said a way had to be found to end the disagreement with the US over the construction issues `because this is our greatest vulnerability in the world: **there is not a sovereign government in the world that recognizes our right to build in Judea and Samaria**'…EU foreign policy chief, Catherine Ashton, issued

a statement saying that the ministers (*EU policy makers*) `voiced their concern at the lack of progress on the ongoing settlement activities, **particularly in East Jerusalem…**Ashton pointed to the December 2006 conclusions and recalled that **settlements are illegal under international law**, **and are an obstacle to peace and threaten to make a two-state solution impossible**'…. One Israeli official said: `It is also mind boggling that the statements routinely issued from the EU make no acknowledgement of Israeli positions". Europe and the UK have become bastions of anti-Semitism.
The building of Jewish homes on Jewish land is illegal by international law???
What Israel is holding its breath on now is whether the U.S. will write a formal policy leaving East Jerusalem out of this three-month freeze they're demanding. David Horowitz, Editor of The Jerusalem Post comments: "Didn't we used to be on the same side?"…"Before we can even get to grips with the complexities of dealing with the Palestinians, we find ourselves ha-to-head with Washington, locked in tense negotiating sessions where previously we were locked in step"…
The whole world is turning against Israel. The anti-Semitism in Europe and the UK is overwhelming—and we're talking the churches too, because they've believed the lies of the world media. Yet its right there folks--**Genesis 12:1-3**!
The Luciferic elite are using the Palestinian situation to bring all out war within Israel, thus creating the chaos necessary to bring in the "order"—the "new world order". This is part III of the Mazzini/Pike Plan of 1871--the first two parts still in the game as foundational. In my article "Asia About To Erupt in War – How Is War in Asia Tied to Israel and America?", to be sent out soon, we see that the super nuclear powers of Asia are in pact with Iran, Syria, Hezbollah and Hamas!
Concluding for now with Carolyn Glick's recent commentary in The Jerusalem Post of November 19th: "The F-35 deal is simply bizarre. Israel needs the F-35 to defend against enemies like Iran. Yet the Obama administration claims that its agreement to send F-35s is contingent on Israel signing a peace deal with the Palestinians. In other words, Obama is now giving the PA the power to veto American military assistance to Israel by continuing to say `no' to peace. On the other hand there is Israel—the US's most reliable, courageous, and competent strategic ally in the region…Rather than arm Israel with all the means it requires to fight Iran, the Obama administration is downgrading military assistance by conditioning its transfer of F-35s on an Israeli agreement to commit strategic suicide by surrendering its defendable borders and capitol city to its sworn enemies. Finally there is the administration's pledge to support Israel in the UN for a year. What that pledge means is that a year from now, the Obama administration will present the deal as an excuse to abandon what has been the policy of every US President since Lyndon Johnson and will stop blocking anti-Israel resolutions at the UN Security Council…What most concerns Netanyahu these days is that the US will fail to block a Palestinian bid to have the Security Council recognize a Palestinian state in all of Judea and Samaria and in large

swaths of Jerusalem, even if the Palestinians refuse to sign a peace treaty with Israel…**The worst case scenario would be for the Security Council to pass a subsequent resolution deploying forces to Judea and Samaria to fight the IDF.**

My friends, this is exactly what will happen as tensions increase—the UN will deploy the armies of the nations to surround Jerusalem (**Luke 21:20**) – and then the Jews will have to flee for their lives, for any dissenters will be rounded up and put in that huge 25 sq. mile concentration camp near Tel Aviv that America had the Arabs build for them. It is identical to the F.E.M.A. concentration camps being built all over the US. The Orthodox, the settlers, will fight. Even now they are labeled as troublesome to the Israeli government. Since the IDF was removed from protecting the settlements, the settlers have had to defend themselves against Arab aggression. Yet, almost all the settlers are here because they believe "the Redemption" is coming—the Messiah. Belief in the coming of the Messiah of Israel, worldwide, is considered a highly dangerous belief.

I will stop for now with the news clips, but keep up with Israel in the news from Israel, like www.israelnationalnews.com (Arutz Sheva) or The Jerusalem Post online.

Oh my friends—call out with loud voices: "**Come Messiah Yahushua Come**!" This is extremely serious information – and, as it says in **Daniel 12** – "the wise understand".

Give praise, honor, and all love to Abba Yahuweh and Messiah Yahushua!

Love and shalom,

Yedidah

November 23, 2010
