Notes:

- El Elyon* (=God Most High) established a [solar-based, 364 yomim calendar](#); the primary references from the canonical Bible are [Leviticus 23](#) and [Deuteronomy 16](#). *No modern calendar bears any resemblance to the original*; even Israel employs a [pagan Babylonian calendar](#). For this reason (and others), Israel is referenced as [Mystery Babylon](#). The [Dead Sea Scrolls](#) (DSS) denote the [Levitical priestly divisions](#) serving each week over a period of six (6) years as well as lunar cycles that occur over a period of three (3) years. At the completion of three "lunar years," the lunar accounting is thirty (30) days deficient, and the solar and lunar calendars realign with a full moon occurring on [1 Abib](#) (the TRUE New Year's Day), which is referenced as a [Heavenly sign](#) ([Heb. 'ot](#)).
- In addition, year accounting is broken down into [jubilees](#) ([Heb. yobelim](#)) or "weeks." The primary reference in the canonical Bible is [Leviticus 25](#). The DSS also denote the Levitical priestly divisions serving on 1 Abib over a period of six (6) jubilees or 294 years. *Abib* literally means "Spring," and it occurs on the [yom](#) after the [vernal equinox](#).
- Four eras are documented in the canonized Bible and [Jubilees](#) (Jubilees was the [sixth most frequent manuscript](#) discovered among the DSS behind [Psalms](#), [Deuteronomy](#), [1 Enoch](#), [Genesis](#), and [Isaiah](#)):
 - 2,450 years (50 jubilees)** from 1-2450 AM: [Creation week](#) ([Genesis 1](#)) to the Israelites' [crossing into the Promised Land at Bethabara](#) ([Joshua 3](#) and [Deuteronomy 9](#));
 - 3,430 years (70 jubilees)** from 2451-5880 AM: Daniel's Seventy (70) "Weeks" ([Daniel 9:24-27](#)) culminating with the [Great Tribulation](#) ([Revelation 4:1-20:3](#));
 - 1,000 years** from 5881-6880 AM: [Christ's Millennial Reign](#) with *Satan's* being bound beforehand ([Revelation 20:4-6](#)); and
 - 120 years** from 6881-7000 AM: *Satan* (aka *Belial*) released to deceive the nations leading up to [Judgment Day](#) [aka Day of the Lord] ([Revelation 20:7-15](#)); see footnote #6.
This totals **7,000 years** ([2 Peter 3:3-9](#)). Afterwards, the corrupted Heaven and Earth will be consumed by fire ([2 Peter 3:10-13](#)), the [New Heaven and New Earth](#) are Created ([2 Peter 3:11-13](#) and [Revelation 21:1](#)), [New Jerusalem](#) descends from the New Heaven to the New Earth ([Revelation 21:2](#)), the [Marriage Supper of the Lamb](#) occurs, and the righteous bond-servants will serve with Christ forever ([Revelation 22:1-5](#)) [during the final Week of Release].
- The years denoted with a yellow box references a full moon occurring on 1 Abib, or the first day of the year. This corresponds to the "evening" of March 19th; the *yom* after the true vernal equinox.
- The years denoted with a red box marks the end of an era. If the year is in yellow, see #4 above.
- Satan* will be released for a "short time" (Gr. [mikron chronon](#)) to deceive the world AFTER Christ's Millennial Reign ([Revelation 20:1-3](#)); that period of 120 years is alluded to in [Genesis 6:3](#). [Abraham](#) lived to be 175 years old in the postdiluvian world ([Genesis 25:7](#)), so Genesis 6:3 was not a lifespan cap although few have lived past that timeframe -- including Moses ([Deuteronomy 34:7](#)).
- A [Jubilee Calculator](#) has been created as an adjunct to this accounting; it also calculates [Lunar Cycles](#) as well as the [Levitical Priestly Division Cycles](#).
